

## Barrett Suite

Perhaps the single most requested feature for a toilet is an easy surface to clean. The Barrett toilet has a concealed trapway, which not only boosts visual aesthetics, but fills this requested feature. With an inviting and warm look, the Barrett Suite is a classic style choice filled with architectural details. It is one of the more universally appealing Suites. The Suite includes five bathtub sizes, a pedestal or drop-in lavatory, and the concealed trapway toilet (available in 1.28 or 1.6 gpf).

# Barrett Suite
