Ancient ritual meets modern convenience.

Humankind has celebrated the pleasures of the bath for centuries. From the social gathering of the ancient Roman hot springs to the purification ritual of the Japanese bath house, bathing has been far more than a matter of personal hygiene. Today, all the physical, mental and emotional benefits of the bath can be enjoyed in your own private sanctuary with a Mansfield® soaking tub.

Immersing yourself in warm water relaxes body and mind, soothes muscles and joints, lowers blood pressure and rehydrates your skin. A warm bath can alleviate a variety of ailments, including stress, insomnia and arthritis. With the addition of essential oils or herbs, candle light and soft music, your bath becomes a complete sensory escape.

Mansfield makes it simple to choose and enjoy your perfect bath. Our soaking tubs are made in America from high quality cast acrylic, the ideal material for creating lightweight yet durable bathware with beautiful colors and easy care. With more than 40 distinctive designs to choose from, you can create a sanctuary tailor made to fit your unique tastes, from classically charming to clean and contemporary. Each is ergonomically designed and significantly deeper than a standard bathtub, allowing you to immerse yourself completely and take full advantage of your bath. And, because it's from Mansfield, you can rest assured that your soaking tub will be affordably priced and covered by our superior warranty.

- ❶ Full body support backrest for superior hydrotherapy.
- ❷ Spacious and deep bathing wells for total immersion.
- ❸ Ergonomic lumbar support and back contours distribute pressure away from lower lumbar problem areas.
- ❹ Perfect fit contoured arm rests and sculpted angles match your body shape.
- ❺ Hand rolled fiberglass resin applied in multiple layers provides strength, rigidity and insulation.

SWIRL-WAY® ACRYLIC WHIRLPOOL SYSTEMS

An invigorating water massage.

Sometimes the body needs more than a simple soak. Whirlpool hydrotherapy uses precisely targeted jets of water to provide the same combination of relaxation and rejuvenation you get from a deep tissue massage.

Mansfield® Swirl-way whirlpool systems are designed to offer you a true whirlpool massage experience in your home. The secret is our Hydro-V™ Backjet System, which features six to eight strategically placed jets targeted to provide the ultimate back therapy. Four to six jets cover the shoulder blades, upper and middle back, while two spinning jets target the lower back with invigorating waves.

With our broad selection of sizes, shapes and designs in a palette of the latest colors, you can find the perfect Mansfield Swirl-way whirlpool to become the centerpiece of your home spa experience.

Enhance your experience with chromatherapy and thermotherapy.

Color can have a dramatic influence on mood, with the power to calm and soothe or cheer and excite. Mansfield® allows you to take advantage of this power with the Chromatherapy Mood Light system available on our whirlpool baths. This system features all seven vital chromatherapy colors and a full spectrum sequencing mode, allowing you to harness the power of color to heal your mood.

White – Clear and natural. Energizes, harmonizes and heals.

Light Blue – Pure and cool. Decreases blood pressure and slows heart rate.

Violet – Powerful and healing. Purifies, detoxifies and reduces anxiety.

Dark Blue – Relaxing and soothing. Melts away nervousness and stress.

Gold – Soothing and energizing. Stimulates the respiratory system and eases muscle pain.

Green – Grounding and stabilizing. Relaxes and centers the emotions with the color of nature.

Red – Exciting and invigorating. Increases circulation and stimulates mind and body.

Soaking in hot water is not only pleasurable, but has real physical benefits. To maintain ideal water temperature for even the most extended therapeutic soak, Mansfield offers an optional in-line heater. Featuring solid-state electronics, this heater maintains the water temperature as long as the whirlpool pump is running.

A closer look at Mansfield's superior construction.

Inside and out, Mansfield® bathtubs and Swirl-way® whirlpool systems feature the finest materials and the latest technology, for years of extraordinary spa experiences.

- 6 In-line Heater**
- Solid-state electronics
 - Maintains water temperature
 - Automatic reset function

- 7 Hand-formed Rigid Piping**
- Hand-formed PVC piping follows the contour of the bath, providing optimal hydro massage and maximizing water drainability
 - Flex tubing to the back jets

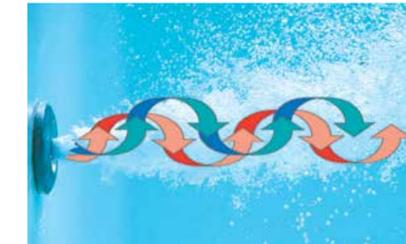

- 8 Variable Speed, Low Vibration Pump**
- Compact design with quieter operation
 - Induction motor is quiet, durable and reliable

- 9 Hydro-V™ Backjet System**
- Six to eight jets target each group of back muscles
 - Two lower lumbar spinning back jets work out lower back pain

- 10 Directional and Adjustable Jets**
- Snap-off face for easy cleaning
 - Can adjust both water flow and jet direction

- 11 Chromatherapy Mood Light System**
- Available on the luxury package

- Advanced High Flow Safety Suction (not shown)**
- IAPMO Listed
 - Safety suction designed for high volume water return to the jets
 - Advanced design reduces water return blockage and improves safety

Swirl-Way® Basic Keypad control

Swirl-Way® Luxury Keypad control

Multi-function electronic keypad. Digital display indicates water temperature, pump speed and time left in 20-minute cycle.

Powerful and hygienic Swirl-way® jet.

The unique Venturi jet lets you control the direction and pressure of the flow just by turning the jet ring. By creating a broad circular pattern of water and warm air, Swirl-way provides a penetrating yet comfortable massage that is never harsh or piercing.

Perfect control.

Advanced tactile keypads are integrated into the interior wall for total control and easy accessibility.

- 1 Air Induction Controls**
- Adjusts water intensity
 - Two controls to optimize each bather's personal jet intensity

- 2 Ergonomic Lumbar Support**
- Provides total back support
 - Six to eight jets provide ultimate hydro massage
 - Features exclusive HydroV™ Backjet System

- 3 Easy Clean Acrylic**
- Non-porous surface
 - Retains heat
 - Protection will not wash off or fade

- 4 Multi-function electronic keypad**
- Control includes on/off, up, down, wave, pulse and light on/off sequence
 - Simply press the icon, and the control activates each function for long lasting use
 - Icons glow when touched for easy readability
 - Digital display indicates water temperature, pump speed and time left in 20-minute cycle (Luxury Package only)

- 5 Cable Drain (optional)**
- Easy access quick turn control for fast draining
 - Available in color-match, chrome, everbrass (PVD), brushed nickel or oil rubbed bronze

A choice for every style and budget.

In addition to our selection of sizes, shapes and beautiful designs, Mansfield® Swirl-way® whirlpool systems are available in two packages, so you can indulge in the pleasures of a quality whirlpool bath, whatever your budget.

BASIC

Our most competitively priced models allow you to add only the options you need.

- Single button electronic keypad
- Single speed pump
- Decorative Handles (on select models)
- Color-matched trim
- Pillow(s)

LUXURY

We've combined our most popular features into one convenient package.

- 5 - button electronic keypad
- Chromatherapy Mood Light system
- In-line heater
- Custom finish metal trim upgrades (must specify when order is placed)
- Variable speed pump
- Decorative Handles (on select models)
- Pillow(s)

Options.

You may customize your whirlpool experience by adding any of these other features and options to an existing package.

Cable drain

In-line heater (standard on luxury models)

Nailing flange

Custom finish metal trim kit – available in white, biscuit, bone, chrome, everbrass (PVD), brushed nickel or oil rubbed bronze/decorative handles – available in white, biscuit, bone, chrome, everbrass (PVD) or brushed nickel (metal finishes standard on luxury models)

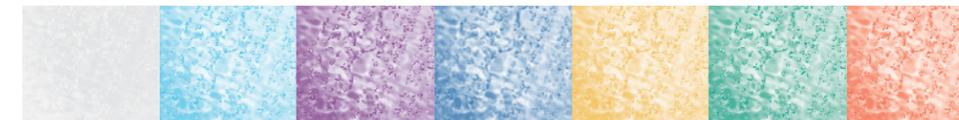

Five- and six-foot removable aprons on select models

Rainbow pillow

Custom pillow

Chromatherapy Mood Light System (standard on luxury models)

ARIANCE® ACRYLIC AIR MASSAGE BATHS

An effervescent spa experience.

While whirlpools circulate water from the bathtub to massage the body, air baths inject streams of air into the bathing well, surrounding you with millions of therapeutic bubbles. In addition to our selection of sizes, shapes and beautiful designs, Mansfield® Arianace air baths offer you the choice between a vigorous hydrotherapy massage and a softer, more soothing bath.

Arianace air baths further enrich your relaxation experience with thermotherapy, using targeted heat to relieve back pain and stiffness and increase flexibility and comfort. Our PerfectBack™ system disperses heat to a heated neck and back rest.

Create a spa atmosphere with color and scent.

The healing benefits of aromatherapy are well known. The right scent can soothe the body and mind or stimulate the senses, as well as treat minor aches, pains and skin discomforts. Ariance® air baths allow you to enhance your bathing experience with essential oils, bath salts and fragrances that would damage a whirlpool bath.

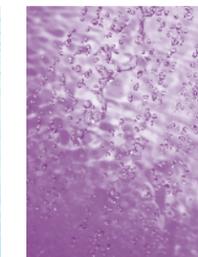

Color, like fragrance, has the power to calm and soothe or cheer and excite. Mansfield® allows you to take advantage of this power with the Chromatherapy Mood Light System on all our Ariance air baths. Seven vital chromatherapy colors and a full spectrum sequencing mode let you harness the power of color to heal your mood.

White – Clear and natural. Energizes, harmonizes and heals.

Light Blue – Pure and cool. Decreases blood pressure and slows heart rate.

Violet – Powerful healing. Purifies, detoxifies and reduces anxiety.

Dark Blue – Relaxing and soothing. Melts away nervousness and stress.

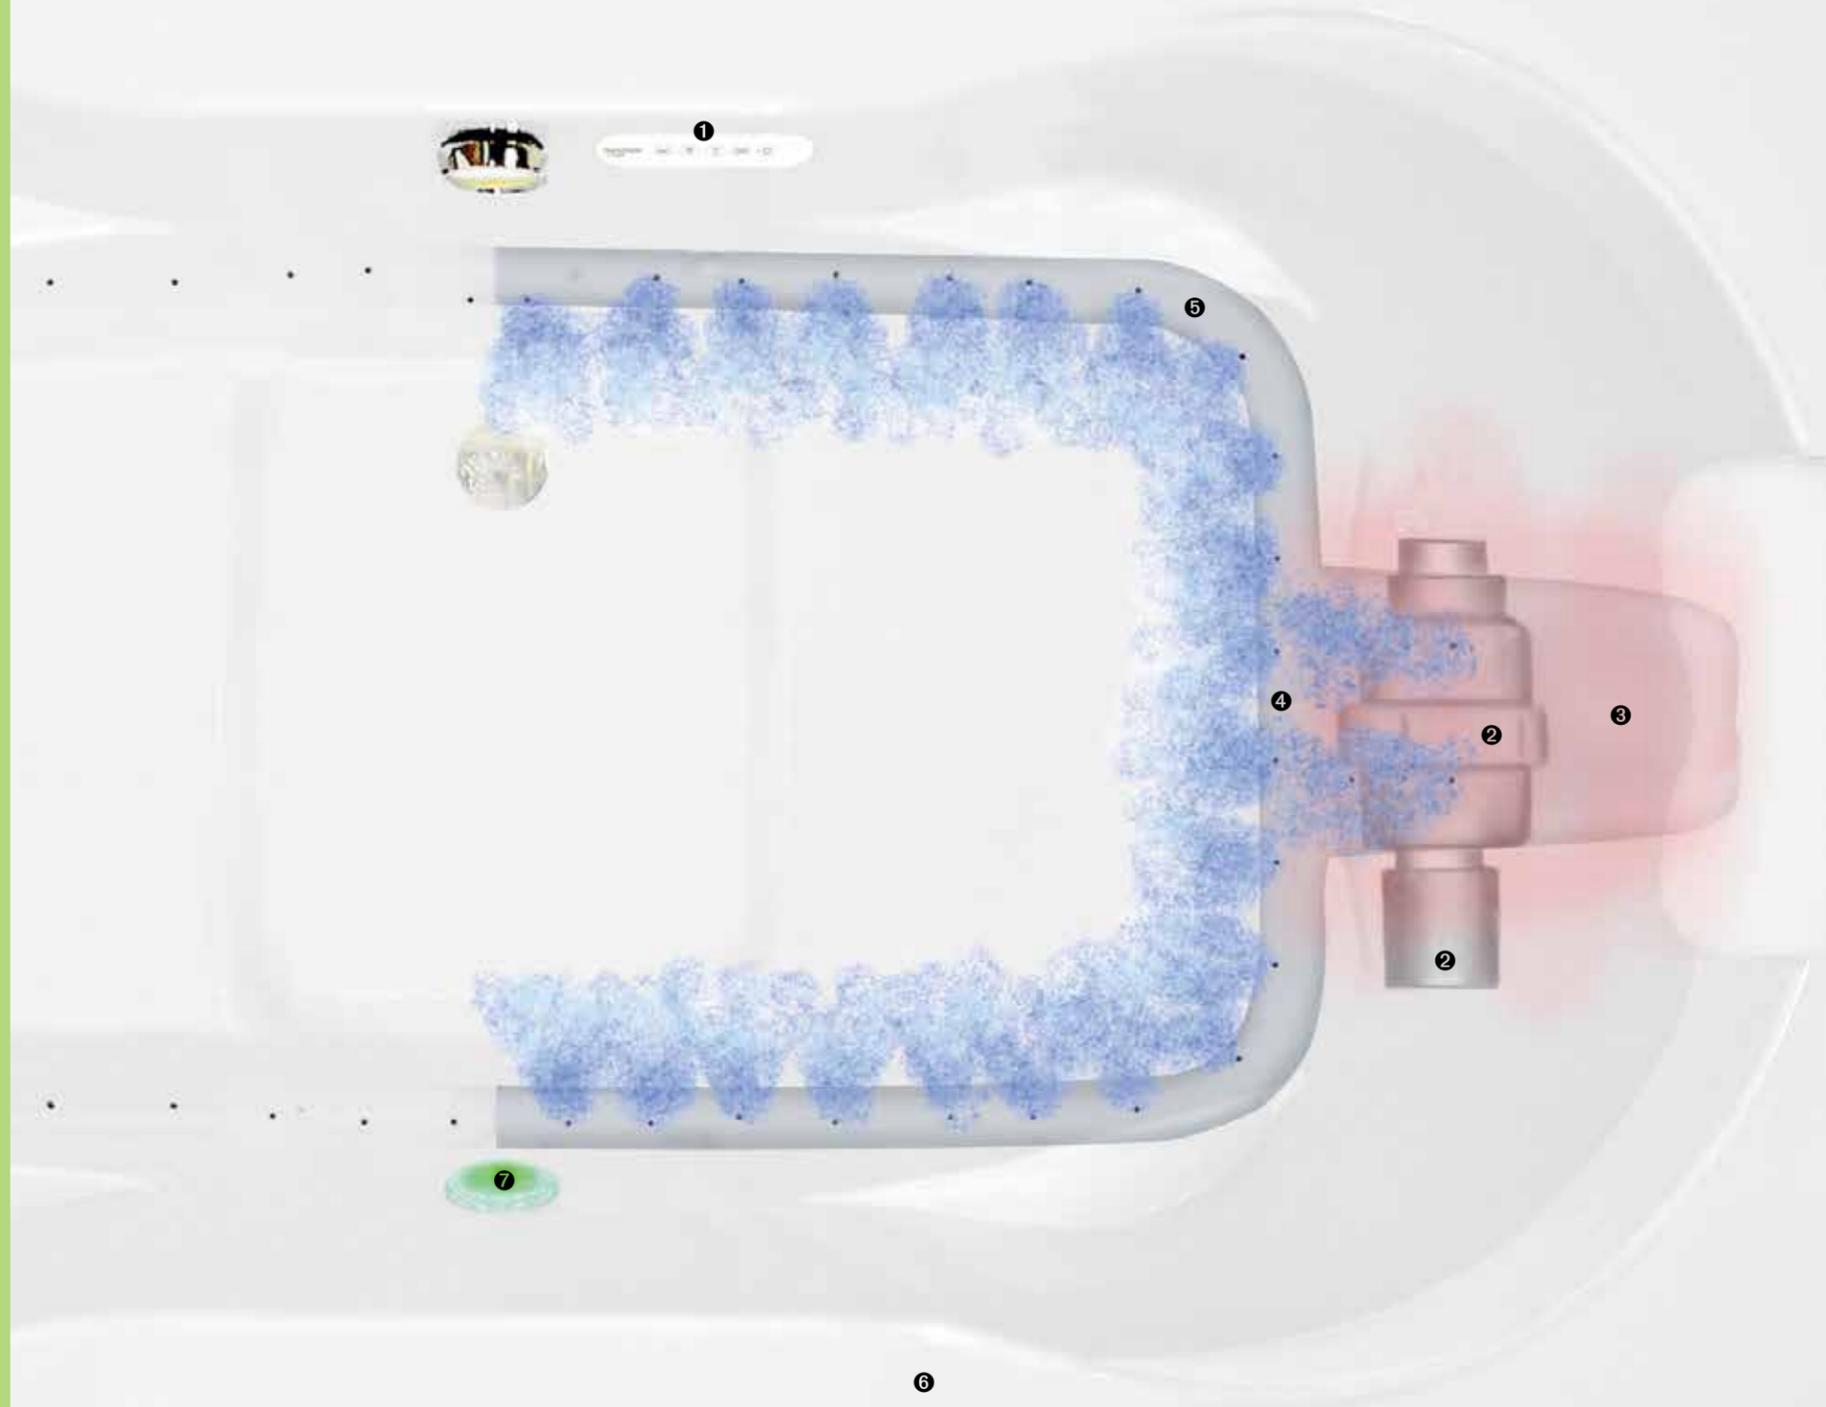

Gold – Soothing and energizing. Stimulates the respiratory system and eases muscle pain.

Green – Grounding and stabilizing. Relaxes and centers the emotions with the color of nature.

Red – Exciting and invigorating. Increases circulation and stimulates mind and body.

A powerful, rigorous hydrotherapy massage.

Imagine immersing yourself in warmth as 46 to 63 powerful side, back and foot jets provide a vigorous massage. It's like bringing the experienced attention of a professional massage therapist into the privacy of your own home. Every HealthTouch™ Direct Therapy Air System includes the following features:

- ❶ **Advanced Control Panel Design**
 - Interior wall mount for convenient access
 - Microprocessor controlled, full function soft touch panel with wave, pulse, continuous, light and heated backrest controls
- ❷ **Heated SilentAir™ Blower System(s)**
 - Ultra-quiet blower with integrated heater
 - Sound suppressing muffler
 - Optional remote location kit
- ❸ **PerfectBack™ System**
 - Multiple jets provide therapeutic back massage
 - Heated neck and backrest
 - Ergonomic raised backrest with optimal slope
 - Pillow
- ❹ **QuickDrain™ Channel System**
 - Raised side channels with radius inner corners for high performance air jet action
 - Smooth inner channels for improved cleanliness and reduced water retention
 - Gently angled channels and dual drain down ports provide improved drainability
- ❺ **Automatic Purge System**
 - Two minute auto purge cycle for maximum hygiene
- ❻ **Easy to Clean Acrylic Surface**
- ❼ **Chromatherapy Mood Light System**
 - Seven healing light settings
 - Full color spectrum sequencing mode

HealthTouch™
Direct Therapy Air System

A soothing, tranquil hydrotherapy massage.

For a softer, gentler air massage experience, Mansfield® developed GentleTouch™. Millions of tiny bubbles from 60 to 75 effervescent air streams deliver a full body, back, leg and foot massage. The experience is delightfully comforting. Every GentleTouch™ Immersion Air System includes the following standard features:

1 Advanced Control Panel Design

- Interior wall mount for convenient access
- Microprocessor controlled, full function soft touch panel with wave, pulse, continuous, light and heated backrest controls

2 Heated SilentAir™ Blower System(s)

- Ultra-quiet blower with integrated heater
- Sound suppressing muffler
- Optional remote location kit

3 PerfectBack™ System

- Multiple jets provide therapeutic back massage
- Heated neck and backrest
- Ergonomic raised backrest with optimal slope
- Pillow(s)

4 GentleTouch™ Air System

- Soothing air massage system using multiple gentle air injector jets
- Hygiene system - sealed air injectors with check valves
- Ergonomic jet placement for full body, back, leg and foot massage action

5 Automatic Purge System

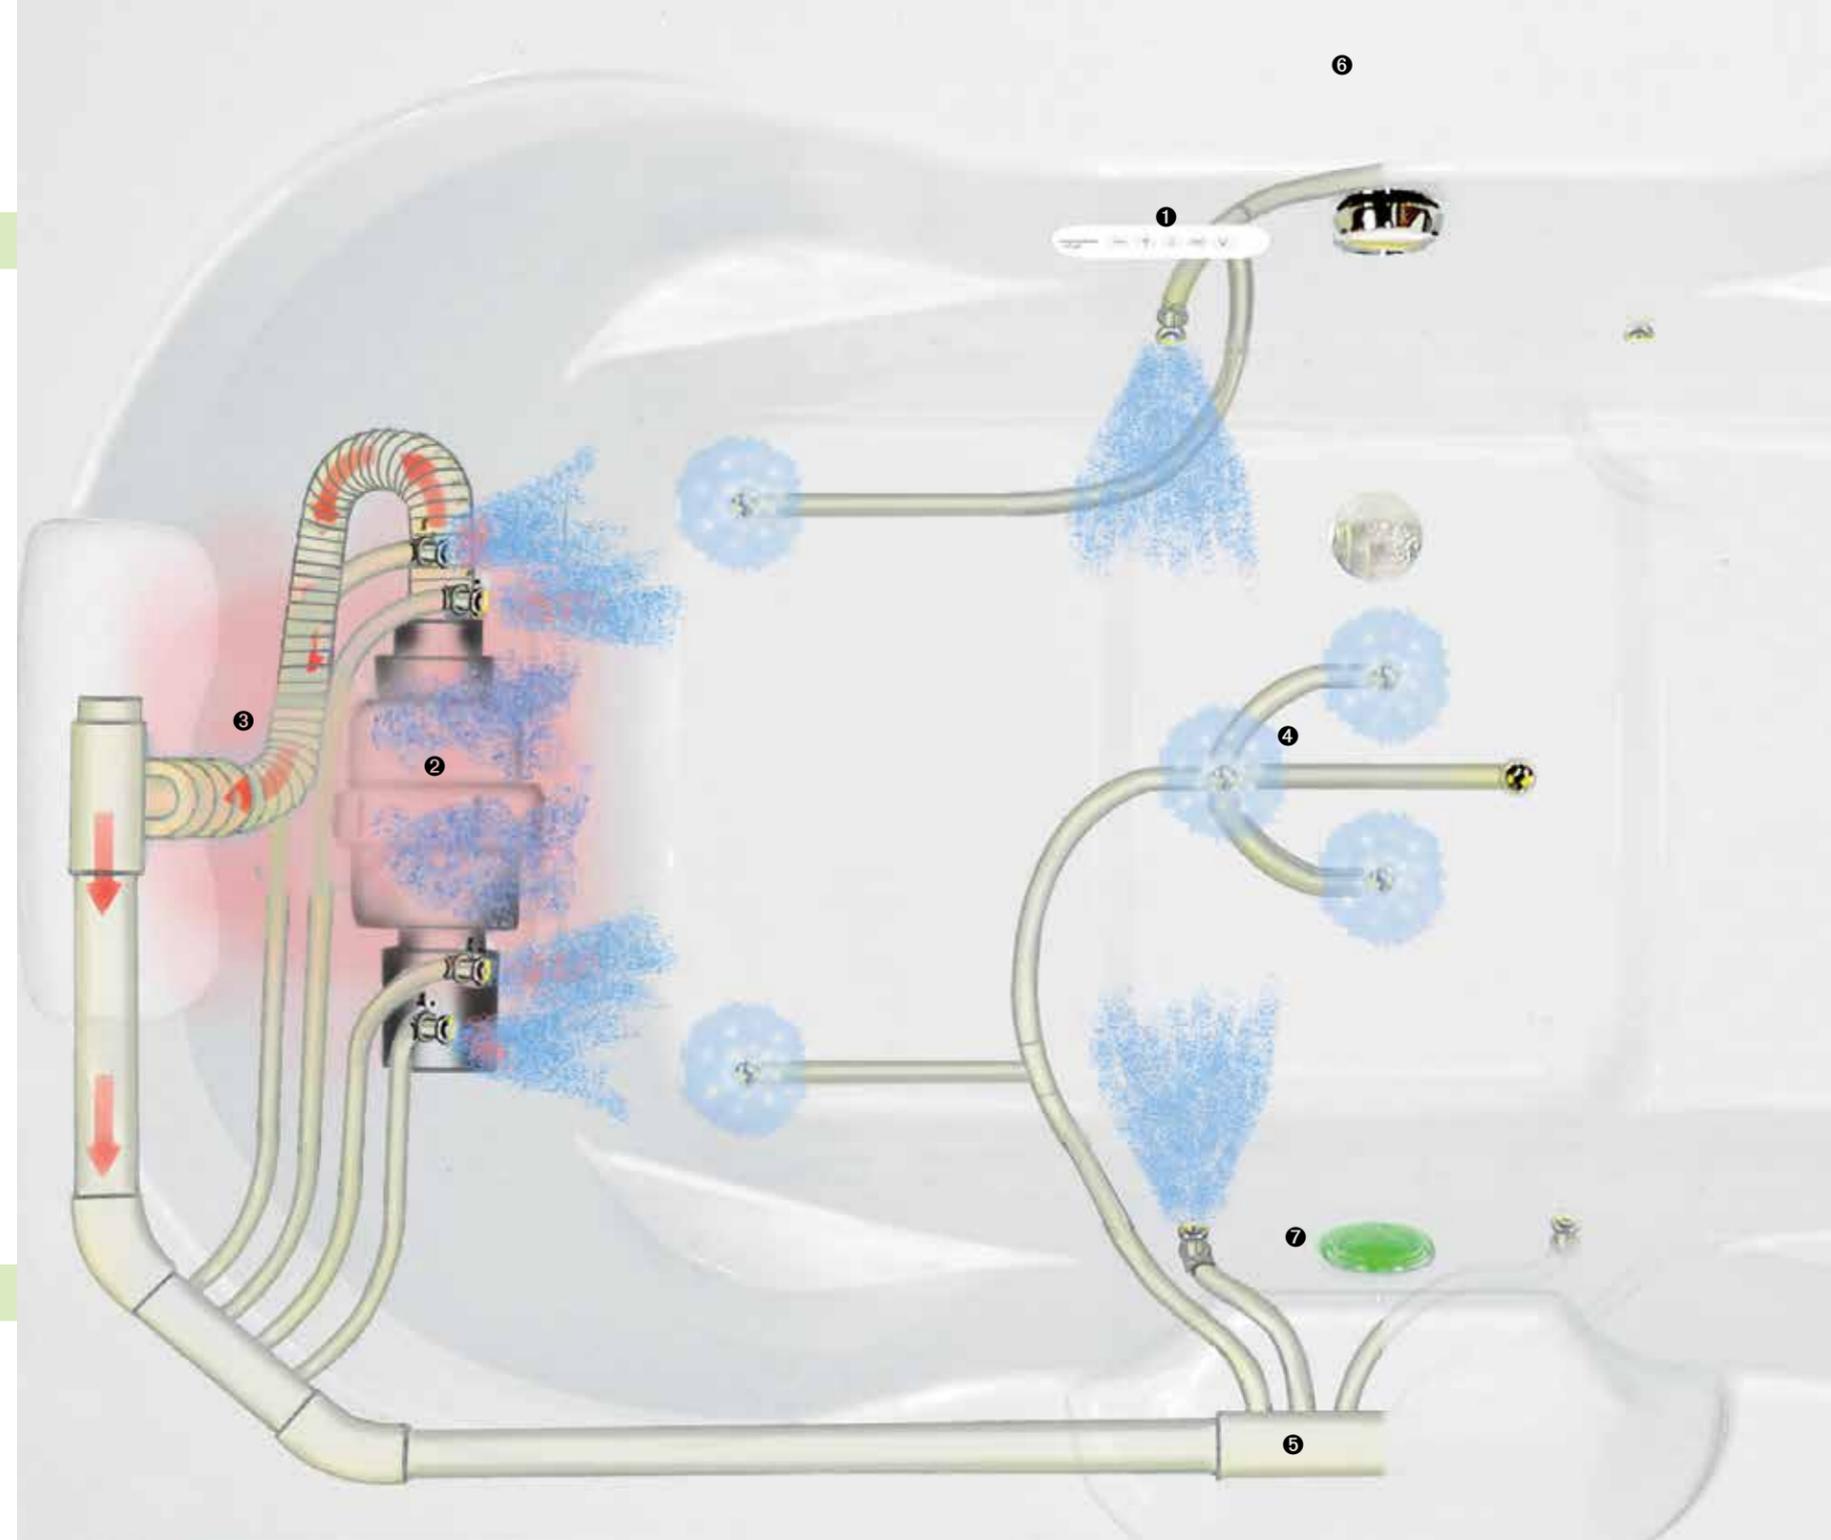

- Two minute auto purge cycle for maximum hygiene

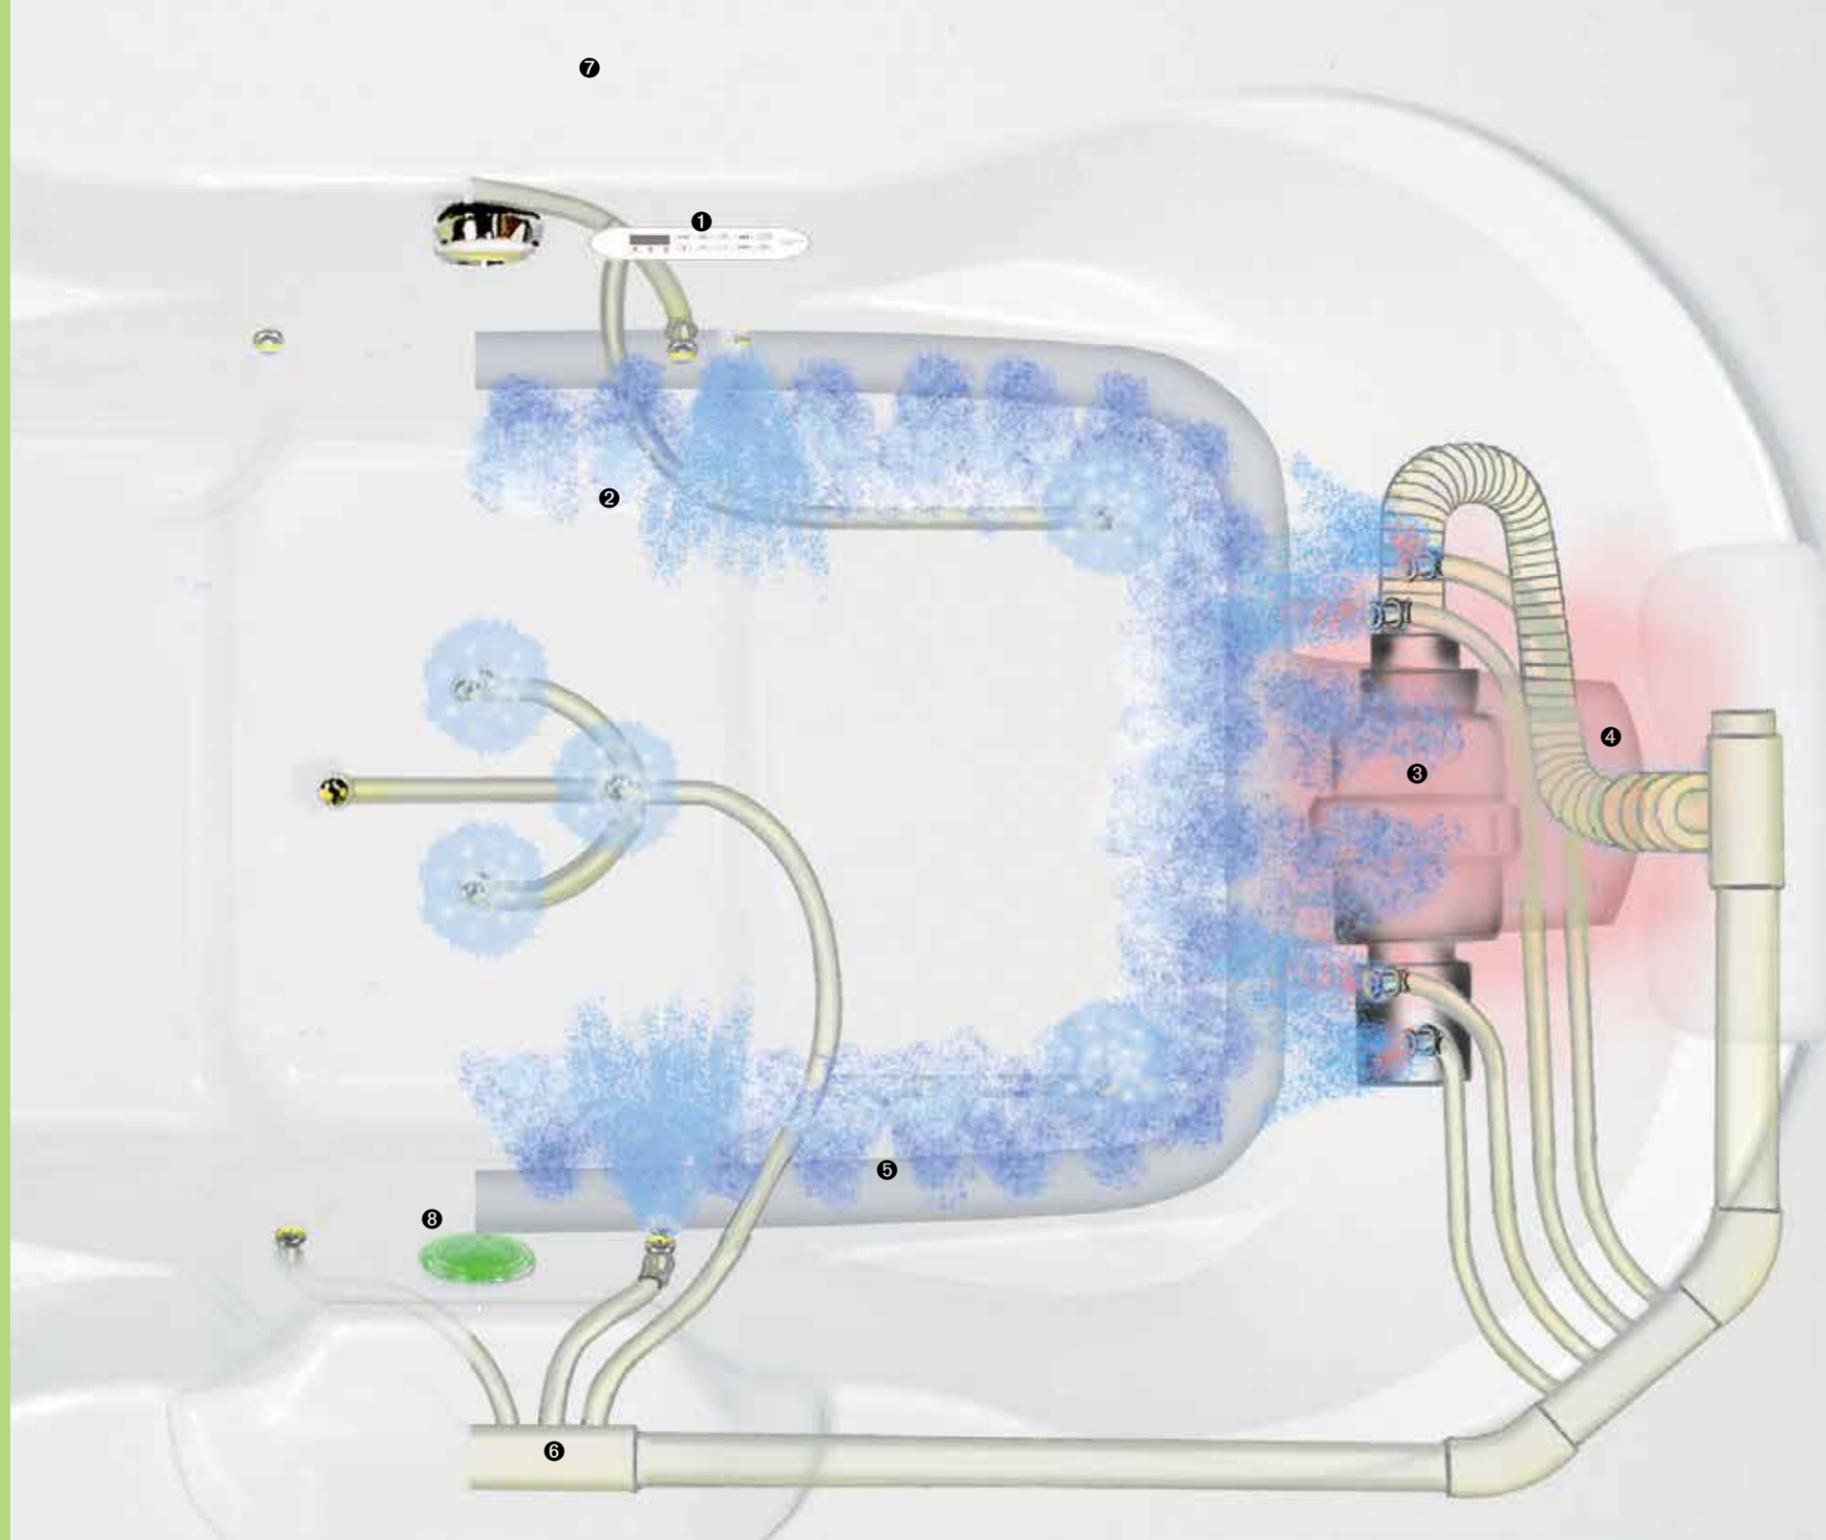

6 Easy to Clean Acrylic Surface

7 Chromatherapy Mood Light System

- Seven healing light settings
- Full color spectrum sequencing mode

GentleTouch™
Immersion Air System

The best of both worlds in hydrotherapy massage.

For those who'd rather not choose between a vigorous massage and a gentle bubbling bath, DualTherapy™ combines both the HealthTouch™ and GentleTouch™ systems in a single air bath. Choose the hydrotherapy that suits you best on any given day, or combine the two for a truly blissful experience.

Every DualTherapy Complete Performance System includes the following standard features:

- 1 Advanced Control Panel Design**
 - Interior wall mount for convenient access
 - Microprocessor controlled, full function soft touch panel with wave, pulse, continuous, light and heated backrest controls
- 2 Best of Both Worlds**
 - A combination of the HealthTouch™ and GentleTouch™ therapy systems
 - Two blowers with integrated heaters
 - 46 to 63 powerful side/back air jets
 - 60 (one port) or 75 (six port) air jets immerse and envelop the bather from all sides
- 3 Heated SilentAir™ Blower System**
 - Ultra-quiet blower with integrated heater
 - Sound suppressing muffler
 - Optional remote location kit or dual air blowers
- 4 PerfectBack™ System**
 - Multiple jets provide therapeutic back massage
 - Heated neck and backrest
- Ergonomic raised backrest with optimal slope
 - Pillow(s)
 - Dual PerfectBack™ system
- 5 QuickDrain™ Channel System**
 - Raised side channels with radius inner corners for high performance air jet action
 - Smooth inner channels for improved cleanliness and reduced water retention
 - Gently angled channels and dual drain down ports provide improved drainability
- 6 Automatic Purge System**
 - Two minute auto purge cycle for maximum hygiene
- 7 Easy to Clean Acrylic Surface**
- 8 Chromatherapy Mood Light System**
 - Seven healing light settings
 - Full color spectrum sequencing mode

DualTherapy™
Complete Performance System

Rich with quality features, so you don't need options.

We've made the most attractive options in air baths standard on all our Ariance® models, so you can rest assured that your selection will have every feature necessary for a perfect spa experience.

HealthTouch™ controller

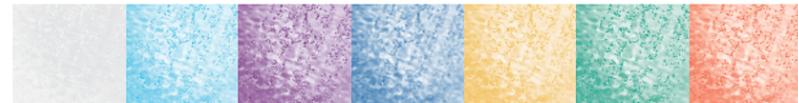

GentleTouch™ controller

DualTherapy™ controller

Custom finish metal trim kit – available in white, biscuit, bone, chrome, everbrass (PVD), brushed nickel or oil rubbed bronze / decorative handles – available in white, biscuit, bone, chrome, everbrass (PVD) or brushed nickel (metal finishes standard on luxury models).

Chromatherapy Mood Light System

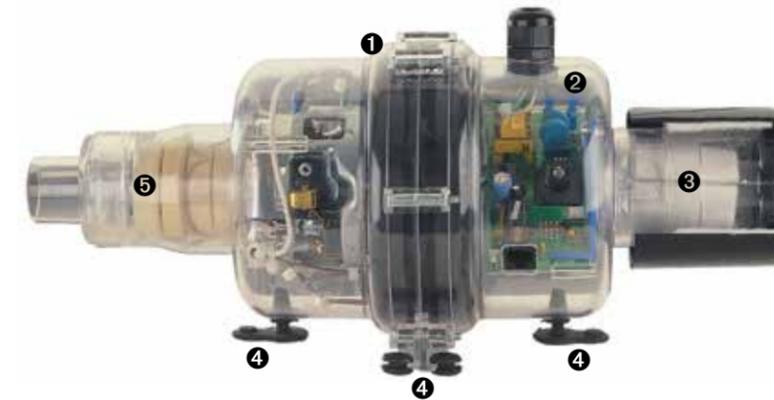

Rainbow pillow

Custom pillow

You can also choose these available options:

- SilentAir™ blower relocation kit
- Nail flange kit or factory installed nailing flange
- Removable apron (select models only)
- Cable drain kit

Every Ariance air bath is engineered to the highest standards, upholding the impeccable Mansfield® reputation. Our unique double hand-rolled, seven-layer construction provides thickness and durability. And the standard multi-speed SilentAir™ blower ensures powerful and reliable operation with sound-suppressing mufflers, ceramic heater elements and an extended two-minute purge cycle.

- 1 Twice as powerful as a conventional blower with multiple speed variation
- 2 Integrated electronic controls, no need for an additional control box
- 3 Sound suppression muffler with air filter
- 4 Rubber mounts designed to absorb 95% of the motor vibration
- 5 The ceramic heating elements preheat the air before it's injected into the bath

Customer satisfaction and warranties

We guarantee top performance for all our products. One call to our knowledgeable and friendly customer service associates is all it takes. We're here to help from start to finish to offer the best customer experience possible. Every Mansfield soaking tub, Swirl-way whirlpool bath and Ariance air bath is custom made to order.

Mansfield Ariance and Swirl-way baths offer consumers a 10-year finish warranty which guarantees against defects in material or workmanship. We also have a 5-year warranty on blowers, pumps and motors; and a limited 5-year labor warranty on all factory installed components. The entire warranty is available upon request.

ACRYLIC BUILDER SERIES

The preferred choice of professionals.

For outstanding quality and solid value, more architects, builders and contractors choose Mansfield®. Our builder series of acrylic baths, whirlpools, air baths and shower bases offers luxurious style, installation flexibility, and reliable performance.

Mansfield Builder Series PRO-FIT® Whirlpools feature powerful pumps, six powerful UltraSwirl™ jets and simple air switch operation for easy use. PRO-FIT® Air baths feature 46 to 58 perimeter air channels, a durable air heating element and automatic purge system for maximum hygiene. Models with the optional tile flange and apron increase versatility. All builder series baths, whirlpools and air baths offer the protection of a limited 1-year warranty and are IAPMO and ETL compliant.

Mansfield shower bases are a stylish and practical choice for new construction or remodeling. Innovative engineering, great design, and affordable prices make our shower bases truly exceptional values.

Builder series warranty

We offer an extended collection of baths, whirlpools and air baths with a wide range of options for residential and hotel installations. Every product we make is built to meet or exceed industry standards for performance and quality.

Mansfield® Builder Series Baths and PRO-FIT® Whirlpool and Air Bath products are covered by a one-year warranty covering the pump, the finish and the whirlpool or air bath system. A copy of the entire warranty is available by request.
