CLEAN & GREEN

RIMLESS BOWL DESIGN

Cascade™ High Efficiency Toilet

Features & Benefits

Unique rimless bowl design

- Easier and faster to clean

Strong swirling action

- Cleans the bowl with every flush

800 grams MaP flush rating

- Virtually eliminates clogs

1.28 Gpf High Efficiency Toilet

- Saves 20% more water than 1.6 Gpf toilets

3" flush valve

- High volume flow rate for a quick and quiet flush

Universal design

- Complements any bathroom décor

WaterSense™ approved

- Widely accepted for job work (i.e., code approvals)

| Cascade | Model # | Bowl Height |
|-----------------------------|----------------|-------------|
| Round Front Bowl | 4810 | 15" |
| Elongated SmartHeight™ Bowl | 4817 | 16-9/16" |
| Tanks | 3816 3816RH | NA NA |

COMPARE THE TWO DESIGNS:

A rimless bowl reduces germs and bacteria that typically hide in difficult to access areas.

Rimless bowl design and strong swirling action keep the toilet bowl **CLEAN**, while it's high efficiency flush makes it **GREEN!**
