commercial installation  
made simple.

the smart choice.

featuring:  
**DURAFLO** flush valve

**PROVIDES CONSISTENT FLUSH PERFORMANCE**  
DURAFLO Flush technology provides a strong consistent flush - every time

**PREVENTS RUN ON**  
DURAFLO's Filter diaphragm eliminates problems associated with silt, sediment or debris – a positive, complete shut off

**PREVENTS COMPONENT FAILURE**  
Parts and fittings designed to be long lasting, chemical resistant and trouble free – durable and reliable

**REDUCES WATER WASTE**  
DURAFLO provides consistent day in and day out performance, with precise water control, flush after flush

## DURAFLO

- Genuine replacement parts available from Mansfield Plumbing Products
- DURAFLO accepts "universal" parts
- DURAFLO valves operate with various manufacturers' electronic flush controls

Mansfield DURAFLO Manual Flush Valves

FM-T2 DURAFLO 1.28 GPF Manual Toilet Flush Valve

FM-T6 DURAFLO 1.6 GPF Manual Toilet Flush Valve

FM-U8 DURAFLO 0.125 GPF Manual Urinal Flush Valve

FM-U5 DURAFLO 0.5 GPF Manual Urinal Flush Valve

FM-U1 DURAFLO 1.0 GPF Manual Urinal Flush Valve

## FEATURES AND BENEFITS:

- 1** DURAFLO diaphragm **resists deterioration** due to chloramines.
- 2** DURAFLO filter **guards against debris and protects against excess noise**
- 3** ADA compliant handle **reduces inventory. No leak seal** and "non-hold open" feature automatically shuts off after one cycle.
- 4** Fixed meter flush **saves water.**
- 5** Durable chrome-plated housing **resists dezincification.**
- 6** Vandal resistant stop cap **prevents damage to internal parts.**
- 7** High pressure vacuum breaker **prevents backflow into the valve.**
