RESTORE™ ACR

INDEPENDENCE REFINED

The Restore™ ACR Walk-In Tub was designed all around you—to better fit your needs and your life.

Restore™ ACR is made of high quality cast acrylic that is perfectly shaped and crafted. Unlike its fiberglass counterparts, cast acrylic provides a much more durable tub that has a higher gloss finish, retains its color and is easier to clean.

This attractive design *works* beautifully too. The textured floor is slip-resistant, and the lower entry threshold makes it easier to step into, reducing the risk of a fall. The sculpted 17" high, ADA compliant seat allows you to bathe in a comfortable, upright position; and the optional heated seat and backrest will keep you warm while the tub fills and drains.

MANSFIELD OFFERS FIVE HYDROTHERAPY SYSTEMS TO MEET YOUR SPECIFIC NEEDS:

BATH—Relax with a soothing soak in warm water.

WHIRLPOOL MASSAGE—Focus relief to your aching muscles with 12 fully adjustable body and back jets that allow you to control the direction and force of the water flow.

AIR MASSAGE—Aid relaxation and comfort with 16 air jets that create huge air bubbles to help relieve aches in any part of your body.

COMBINATION WHIRLPOOL AND AIR MASSAGE—Get the benefits of both therapies with a combination system that allows you to operate the whirlpool jets and air jets independently or together.

MICRODERM™ THERAPEUTIC BATH—Enjoy softer, rejuvenated skin as the MicroDerm system surrounds you with millions of tiny oxygenated microbubbles that exfoliate and hydrate the skin.

With any model you choose, your mind will also be at ease with the lifetime warranty on the watertight door seal.

RESTORE™ ACR

EASE OF USE

CAST ACRYLIC SURFACE

Naturally easy to clean and retains its glossy surface.

KEYPAD

Each button on the Restore™ ACR keypad is backlit with color coded LED lighting, allowing you easy and total control of your hydrotherapy options.

RELIABLE CABLE OPERATED DRAIN

No bending over, simply open and close the drain from the comfort of your seat.

MOOD

CHROMATHERAPY COLOR LIGHT SYSTEM

Choose your mood: energized, stimulated, calm or stress-free as the water is transformed to the color of your choice.

WARMTH

INLINE WATER HEATER

A standard feature for the whirlpool and combination baths, the inline water heater will keep your water warm as the jets provide the water massage.

HEATED SEAT AND BACKREST (OPTIONAL)

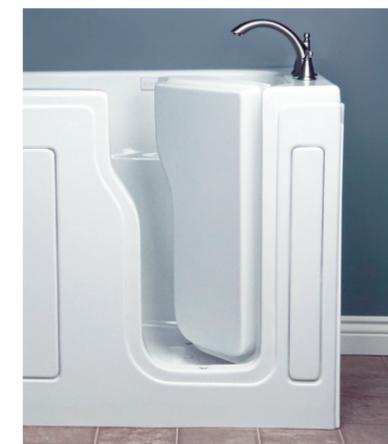

Heated seat and backrest will keep you warm and cozy as the tub is filled and drained.

SECURITY

SAFER ENTRY

Easily enter and exit the bath with the inward swinging door and low, 7-inch threshold.

OZONATOR

Safely releases ozone into the water lines to eliminate hazardous bacteria growth.

OUTSTANDING PROTECTION

We've got you covered with a 5-year warranty on the operating system, 10-year warranty on the shell and a lifetime warranty on the door seal.
